

# PUTNAM BOARD OF EDUCATION

## Facilities Committee Minutes

March 16, 2021

### Board of Education Conference Room 15

The Facilities Committee met on March 16, 2021 at 6:00 PM in Board of Education Conference Room 15.

Committee Members Present: James Purdon, Michael Morrill

Absent:

Others Present: Daniel Sullivan, Nancy Cole, Marc Coderre

The meeting began at 6:11 PM.

1. Review Pending Capital Projects List

The committee discussed the three-year capital projects list. Some of the items may be able to be funded by the ESSER II or federal dollars. Marc Coderre will be obtaining quotes for the projects.

2. Discussion of Batting Cage Options

Due to the cost of constructing an outside batting cage facility, it was recommended the batting cage be installed in the elementary school gym. The high school gym is not large enough for the batting cage.

3. Other

The committee was informed that the district is investigating another facility option for the Helping Hands program. Marc Coderre is working with Richard Loomis on a potential location. The building was formerly a flower shop and is currently being renovated. This location appears to be a viable option.

The meeting ended at 6:57 PM.

Respectfully submitted,

James Purdon  
Committee Chair
